

**Payments
Innovation Alliance®**

NATIONAL VOLUNTEER WEEK

APRIL 19-25

What volunteer activities have you been doing for the Alliance?

I have been a member of the Quantum Payments Project Team and the Cybersecurity and Payments AI Project Team since 2023.

What value do you and your organization get from volunteering in the Alliance?

As a payments association, volunteering in the Alliance broadens our expertise and enhances the value we provide to our member financial institutions. By participating directly in the hands-on development of thought leadership content and educational resources, particularly in cutting-edge areas like quantum payments and artificial intelligence, we are ensuring that our members' perspectives are taken into consideration and addressed, and that the project team deliverables will be relevant and useful to them.

AAP, CCM**

**VP, Communications
ePayResources**

Why is volunteering for the Alliance important to you?

Industry groups like the Payments Innovation Alliance thrive and have the greatest impact on the payments ecosystem when there is robust participation from across the stakeholder spectrum.
